MEMORANDUM FOR: Deputy Project Director

SUBJECT : Discussion with Lieutenant Colonel Edward Gordon,  
USAF Project Headquarters

1. You suggested that it might be a good idea if Headquarters, USAF, would write a letter to Lt. General William Turner, CINCSAFE, and to Brigadier General James E. Walsh, COMGEN, 7th AD, requesting that both activities support to the fullest extent possible the activities of the 4070th Support Wing, SAC.

2. Accordingly, I checked with Colonel Berg's office and talked to Lt. Col. Gordon in Col. Berg's absence. He advised me that some time ago a letter was sent from General Twining to CINCSAC indicating that the full facilities of SAC overseas should be placed at the disposal of the 4070th Support Wing. In a Commanders Conference, General LeMay passed this instruction on to Brigadier General Walsh and Brigadier General Charles Westover, COMGEN, 15th Air Force. Col. Gordon did not know the details of any instructions that might have been given General Turner from Headquarters, USAF. He indicated that he would research this question and advise my office. This advice has not yet been received.
